## Explore & Experience Cebu

Aside from traveling and studying, one of the reasons of trying out a new environment is of course experiencing and enjoying the local food. After one exhausted day with an empty stomach, everything we need is just a perfect meal with some beverage. Food is central to the Cebuano experience! Your trip wouldn't be complete without tasting the best lechon and trying out the local and international AFFORDABLE cuisines WHICH Cebu is proud of!

Cebu City, known as the Queen City of the South, upholds the title of having the most beautiful islands in the country. You would be amazed with its beauty within while staying and studying English with us here in Cebu!
